# CONTINUOUS EVOLUTION TOWARDS EXCELLENCE

## MARKETS

GURU offers a wide selection of high-quality products designed to meet the varied needs of different markets and situations. Our goal is to ensure you find exactly what you need, every time.

We have earned our position as leaders in the waterproofing sector through the integration of the latest technology and the expertise of our professional team.

At GURU, we take pride in offering a broad selection of premium products that cater to every market and situation. Our commitment to quality means you'll always find what you need with us.

Our leadership in the waterproofing industry is built on the foundation of cutting-edge technology and the dedication of our highly skilled team.

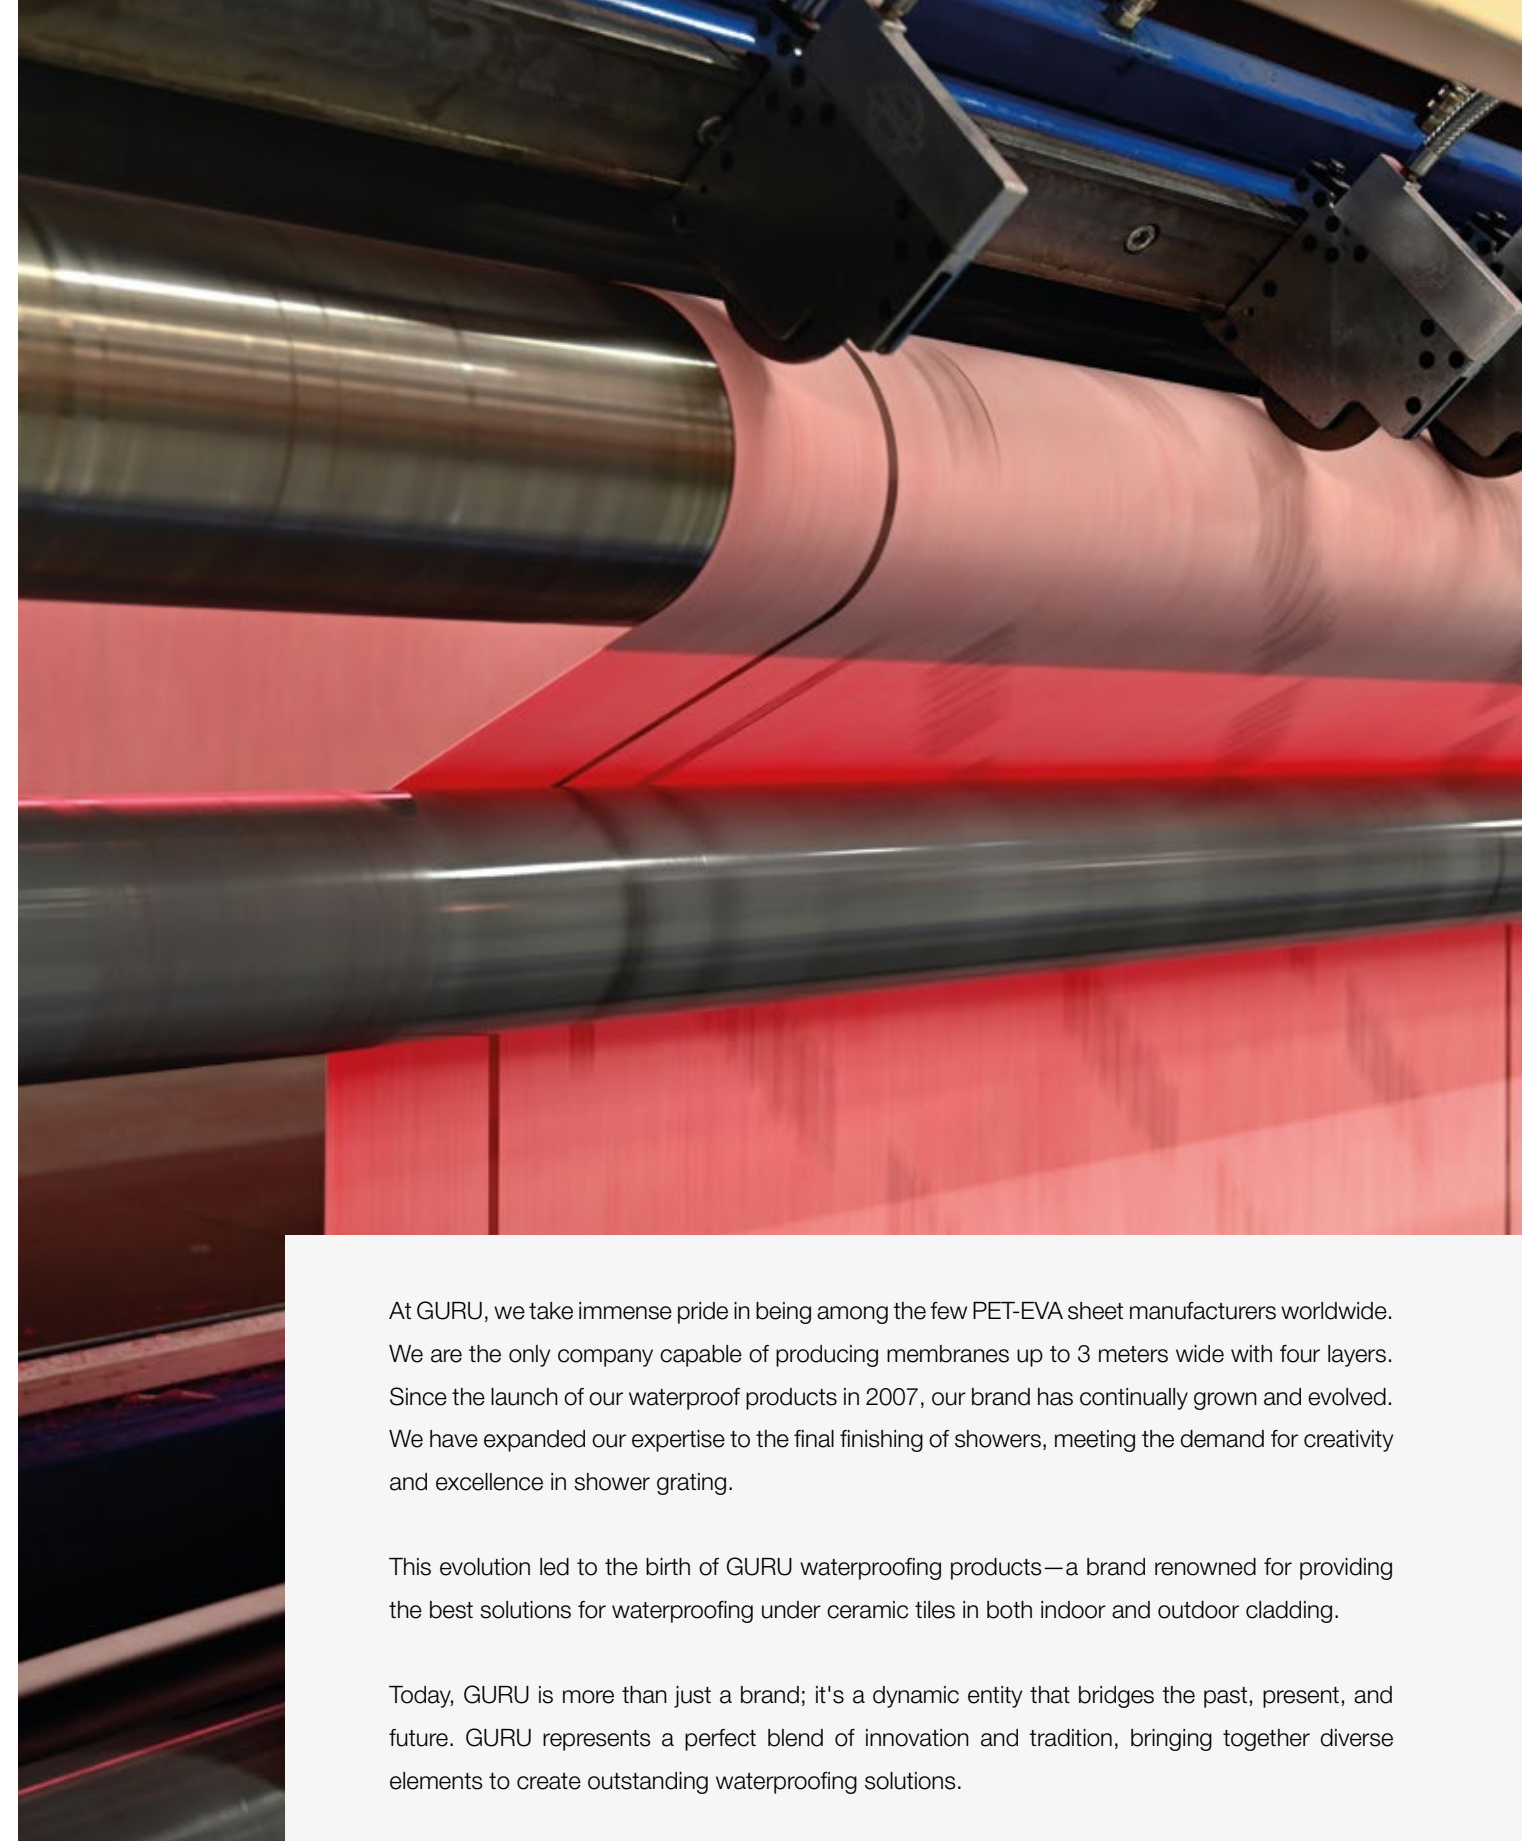

GURU USA L.L.C. is a family business consolidated in the construction sector, known for its impeccable reputation and business solidity. GURU has expanded through the manufacture and marketing of waterproofing products.

GURU is dedicated to incorporating innovative products through extensive research into new construction solutions. Our commitment drives us to develop reliable products that meet our customers' expectations, offering both personal and technical support.

GURU operates in four continents with an outstanding professional team experienced in waterproofing membranes, built-in Italian shower systems, and various accessories for professional tile fixers. GURU guarantees the highest quality standards as per European Union criteria, complying with multiple international certifications conducted by external laboratories like IAPMO, CSTB, and KIWA.

MADE IN SPAIN **100%**

At GURU, we take immense pride in being among the few PET-EVA sheet manufacturers worldwide. We are the only company capable of producing membranes up to 3 meters wide with four layers. Since the launch of our waterproof products in 2007, our brand has continually grown and evolved. We have expanded our expertise to the final finishing of showers, meeting the demand for creativity and excellence in shower grating.

This evolution led to the birth of GURU waterproofing products—a brand renowned for providing the best solutions for waterproofing under ceramic tiles in both indoor and outdoor cladding.

Today, GURU is more than just a brand; it's a dynamic entity that bridges the past, present, and future. GURU represents a perfect blend of innovation and tradition, bringing together diverse elements to create outstanding waterproofing solutions.

We design and manufacture our drains to the highest standards, and are only injected with the best ABS manufactured by Repsol.

# WE CARE FOR THE ENVIRONMENT

## SUSTAINABILITY

**RECYCLED:** All our products meet the highest demands on recyclability thanks to their unique development. As an example, our drains exceed 95% of recyclability.

**LOCALLY PRODUCED GOODS:** More than 93% of our suppliers are locals reaching 100% of the manufactured products in the EU. As an example, our production facilities are located less than 50 km away.

**RESPECT FOR THE ENVIRONMENT:** In Guru we are using environmentally friendly packing materials and at the same time we are having rigorous recycling policy. Whenever possible using packaging made from recycled paper.

**CARBON FOOTPRINT:** Our product boasts a lower environmental impact compared to other systems, thanks to our advanced manufacturing processes and stringent standards. Additionally, our product is free from Volatile Organic Compounds (VOCs), ensuring a safer and more eco-friendly solution.

WATER-STOP WATERPROOFING MEMBRANE

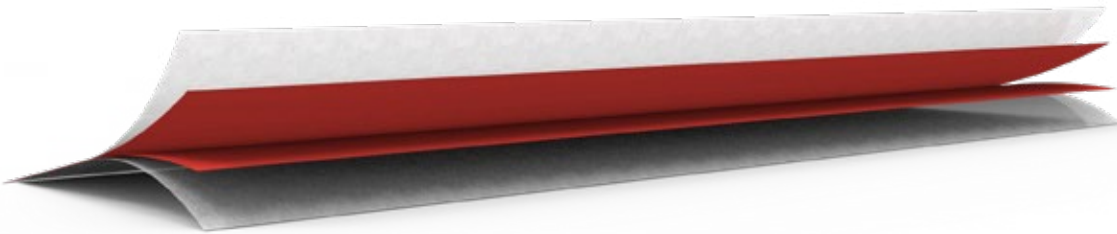

WATER-STOP is a highly-flexible, low perm multi-layer steam barrier sheet membrane 20-mil thick for bonded waterproofing applications. It is suitable to be used in conjunction with ceramic and stone tile covering for wall and floor surfaces, interior and exterior, where protection against the penetration of moisture is necessary in new construction and renovation projects. As a crack isolation membrane WATER-STOP protects ceramic tile and natural stone from limited in-plane cracks and movement. Also ideal for use in steam showers as per its low perm rating.

Applications include showers walls, tub surrounds, bathrooms, steam showers, commercial and residential kitchens.

4 Layers Superior Technology

Waterproofing and standard crack isolation membrane. WATER-STOP meets and exceed the requirements of: **ANSI A118.10 (IAPMO FILE 9205) and ANSI A118.12 (IAPMO FILE 9990).**  
Product accepted by IAPMO.

REF.	DESCRIPTION	MEASURE	MSRP/SQFT	MSRP

W-S BOARD LIGHTWEIGHT CONSTRUCTION BOARD

Build and waterproof at the same time... Reduce time!

Developed according to IAPMO PS106 for tileable kit. Certified ANSI A118.10 and ANSI A118.12.

Lightweight construction board made of a XPS core factory bonded in both sides to WATER-STOP membrane exceeding the core dimension - creating a WATER-STOP flange.

- » Superior resistance performance
- » Reduces the building time

W-S NICHE SHOWER NICHE

Effortless, Elegance and Functionality

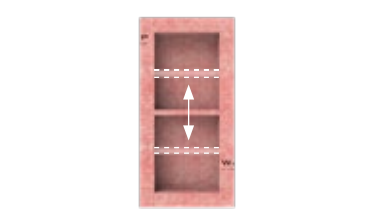

THE ULTIMATE  
SHOWER SPACE SOLUTION

The W-S NICHE, where precision craftsmanship meets innovative design. Say goodbye to complicated installations and hello to a seamlessly integrated, stylish shower niche that redefines convenience and functionality.

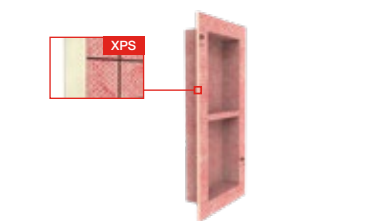

PRE-SLOPED PERFECTION

Our meticulously engineered pre-sloped base ensures optimal water drainage, preventing moisture-related issues and keeping your shower pristine.

MAXIMIZED SPACE

Featuring a 1" interior shelf, the W-S NICHE maximizes storage without compromising on style. Tailored to standard ceramic tile sizes, it eliminates the need for cumbersome cutting or adjustments.

BUILT TO LAST

With an XPS core factory bonded on both sides to WATER-STOP, our niche is exceptionally durable and water-resistant, ensuring longevity and peace of mind.

INSTALLATION COMPONENTS INCLUDED

8x screws and 8x washers are provided to facilitate installation.
